The celebrated Hot-Blast Down-Draft creates perfect
combustion, the gases and fumes (40 per cent. of
the heating power of wood), ordinarily escaping unburned
up the chimney in other stoves, are all consumed and
turned into heat in the WILSON. The Wilson is the
only heater in the world, which actually burns all
of the fuel put into it. The WILSON is air-tight,
heat can be regulated to any degree, and will hold a
fire for 86 hours. What you save on fuel will pay for

PRINCESS CLEMENTINE.

Leopold's Favorite
Daughter Marries
Prince Victor Napoleon

A ROYAL WEDDING

Prince Victor Napoleon and Princess
Clementine of Belgium.
Monclieu, Italy, Nov. 15.—Prince
Victor Napoleon, pretender to the
French throne, and Princess Clemen-
tine of Belgium, youngest daughter of
the late King Leopold, were married
here.

The civil marriage was celebrated
in the drawing room of the royal cas-
tle and the religious ceremony was af-
terwards performed in the chapel of
the castle.

There was a distinguished gathering
present, including the Dowager Queen
Margherita, the princes of the Italian
royal house and the Countess of Fla-
nders, mother of King Albert of Bel-
gium.

The romance which culminated in
the wedding was of six years' stand-
ing. The late King Leopold was very
much opposed to the match, but after
his death, with the assistance of for-
mer Emperor Eugene, the final ap-
provals were made without much trou-
ble. The Countess of Flanders was
also very much in favor of the match.
Prince Victor has been in exile in
Brazil since the death of his father, 1909.
He was taken from his cell up a
stairway inside the building and closed
for two hours with Chief of Police
Smith and detectives, who put him
through a rigid examination. It is
stated the prisoner weakened under
the strain, but stuck obstinately to his
first story. Black Diamond was com-
mitted by Police Justice John Borden
without bail. No date has been set for
the coroner's inquest.

It was the first impression of the
physicians who examined the child's
face that the marks on the nose, the
face and the left hand had been caused
by burns, and the absence of any burn
leaves near where the body was
found for a time strengthened the be-
lief that the child had been murdered
somewhere else and her body thrown
into the woods. Later it was found
the marks weren't burns. Those on
the hands proved to be cake dirt and
were easily washed off.

Given Third Degree.
The body of the murdered girl was
brought to police headquarters in a
covered wagon and laid out in Chief
of Police Smith's private office. Black
Diamond was brought from his cell
and taken to the room. When his eyes
fell upon the victim the negro broke
down and declared before God that he
had never harmed her.

Last night the crowd about the jail
assumed alarming proportions and the
temper of the bystanders was ugly.
The guard had been doubled and a
special cordon of officers remained all
night on duty.

Beats Father in Court.
San Francisco, Nov. 15.—Because his
father made reflection upon his mother
on the witness stand in police court
here, George Cameron attacked him
and gave him a terrible beating before
the court attaches succeeded in sepa-
rating them. Judge Shattell said the
beating was so well merited that he
would not hold the young man for con-
tempt, but he was ordered from the
court room.

Spy Pleads Guilty in England.
Winchester, Eng., Nov. 15.—Lieuten-
ant Siegfried Helm, the German army
officer, who was arrested last Septem-
ber on a charge of spying on the fortifi-
cations at Portsmouth, was arraigned
in court here. He pleaded guilty and
was bound over in £250. He took an
oath not to repeat the offense.

De Hymel Killed in Auto Race.
San Antonio, Tex., Nov. 15.—Tobin
de Hymel, a widely known driver of
racing automobiles, was instantly killed
here during the motor races. De
Hymel was the youngest driver who
took part in the Vanderbilt cup race
last October. He was twenty years of
age.

Trenton's Population.
Washington, Nov. 15.—According to
figures issued by the census bureau
the population of Trenton, N. J., in
1910 is 96,815, a gain of 32 per cent
over the population of 1900, which was
73,307.

Taft's Nephew Fined.
New York, Nov. 15.—William Taft,
of 32 West Forty-eighth street, son of
Henry W. Taft, was fined \$2 in the
Tribune court for permitting his au-
tomobile to smoke in Central park
last Sunday. Taft said he didn't know
the machine was offending until Po-
liceman Grosberg stopped him and
gave him a summons to appear in court.

Pastor Stricken in Pulpit.
New York, Nov. 15.—With his arm
uplifted in appeal, Dr. Ferdinand O.
Reich, of the German Presbyterian
church, was stricken in the pulpit at
Jamaica, L. I., and died before he could
be taken from the church. His face be-
came convulsed as he reached the cli-
max of a spirited sentence, his raised
hand fell on the open Bible and he
toppled backward in the pulpit. His
parishioners carried him to a cushion-
ed seat, but he only motioned feebly
to his heart and died before aid could
be summoned.

GUARD SUSPECT

Asbury Park Aroused Over
Brutal Murder.

CROWD SURROUNDS JAIL

Guard Doubled to Prevent Mob
Violence on Thomas Williams,
Held For Killing 10-Year-
Old Schoolgirl

Asbury Park, N. J., Nov. 15.—A crowd
of about 100 persons gathered at the
jail here today to see the murderer
of a 10-year-old schoolgirl, Thomas
Williams, who was held for the killing
of a 10-year-old schoolgirl, Marie
Smith, the Asbury Park schoolgirl,
whose mutilated body was found in
the woods near Wannamassa.

Black Diamond was arrested and
placed in the lockup before Asbury
Park citizens were able to get into
the jail. He made a statement to the
police, which was partially disproved,
in which he undertook to establish an
alibi accounting in detail for his move-
ments last Wednesday, when the crime
is believed to have been committed.

It was shown from investigation
that Black Diamond was in the imme-
diate vicinity of the woods about the
time Marie was trudging home from
school Wednesday morning. Blood
marks on the leaves were discovered
twenty feet away from Third avenue,
along a narrow path which led into
the woods. The marks were con-
firmed by the police and traced to the spot
where the body was found.

The discovery leads to the supposi-
tion that the child was enticed into
the covered pathway and there as-
saulted. Then it is believed her body
was dragged further into the woods
across Third avenue and finally to the
spot where it was found.

Suspect Contradicts Himself.
Black Diamond told the police he
was drunk on Wednesday. He said
he left Griffith's saloon at Wannamassa
at 12 o'clock. The bartender said he
went away at 10 o'clock. Still main-
taining his innocence, Williams was
cross-questioned by Officer Broderick
and confronted with fresh facts learned.
He is said to have contradicted him-
self repeatedly, and Broderick be-
lieves he was on the verge of con-
fession, when he closed his lips tight and
refused to be questioned further.

He was taken from his cell up a
stairway inside the building and closed
for two hours with Chief of Police
Smith and detectives, who put him
through a rigid examination. It is
stated the prisoner weakened under
the strain, but stuck obstinately to his
first story. Black Diamond was com-
mitted by Police Justice John Borden

COUNTY TOLSTOI

Be a Wanderer.

TOLSTOI A WANDERER

Quits Monastery With Doctor and De-
votion to the Face of the Earth.

St. Petersburg, Nov. 15.—Count Leo
Tolstoi, author and philosopher, is a
wanderer on the face of the earth.

Tolstoi has left the monastery at
Shramadino, in which he took refuge
from the desertion of his home and
family last Thursday. The count and
Dr. Makovsky unexpectedly left, an-
nouncing that they were going to Mos-
cow.

They quitted the train upon which
they started at a junction and board-
ed another train for the south. It is
said his daughter is also with him.

It is conjectured that the count in-
tends to join the colony of Tolstoists
in Caucasus.

It is also reported that Tolstoi will
proceed to Canada to join the Duk-
hobors, followers of his teachings.

SLAY NICHAGUAN NEBELS
Cannon Hurl Grape and Canister
Through Streets of Leon.

San Juan Del Sur, Nicaragua, Nov.
15.—Troops were called out to sup-
press a political demonstration at
Leon, and, meeting with resistance,
swept the streets with grape and canis-
ter.

Many persons were killed or wound-
ed. The excitement in the city is in-
tense.

The government recently prohibited
political demonstrations. In the face
of this prohibition the Leon Liberals
gathered in the streets and attempted
to hold a meeting. The police inter-
fered, but were unable to disperse the
crowd, which attacked the officers. The
troops were then summoned and on
reaching the scene drove the rioters to
cover by a furious charge.

Washington, Nov. 15.—Theodore
Roosevelt will be the guest of the Na-
tional Press Club next Friday, prior to
his address before the National Geo-
graphic society. His visit to Washing-
ton will be the first since he left the
office of president.

Colonel Roosevelt's visit to the club
will be of a most informal and per-
sonal character, and he is not expect-
ed to make a speech.

FOOD CHEAPER IN BOSTON
Market Prices on Meats and Vegeta-
bles Sag.

Boston, Mass., Nov. 15.—There was
a fall in the prices of meats and vege-
tables in the Boston markets which
averaged from 10 to 15 per cent.

Beef went down nearly 5 cents, pork
fell off a like amount, while pork
products declined 2 or 3 cents.

The decline extended to nearly all
lines of fresh vegetables, but butter
and eggs held firm, the latter advanc-
ing a cent or two.

Break in Hog Market.
Kansas City, Mo., Nov. 15.—Meat
markets of this city reduced the price
of pork chops from a cent to 2 1/2 cents
a pound. The price of pork loins and
pork roasts was also decreased some-
what, but ham and bacon and other
cuts of pork were not affected. No
change in the price of beef was an-
nounced. The break in the hog market
caused a drop in wholesale prices,
making it possible for the retail mar-
kets to make the concession an-
nounced.

DOCTOR KILLED BY WIFE
She Then Shoots Herself and Will
Probably Die.

New York, Nov. 15.—Dr. Theodore
R. Burgoort was shot and instantly
killed by his wife, Anna, at their home
in Bronx borough.

After shooting her husband, Mrs.
Burgoort turned the revolver on her-
self, the bullet entering her abdomen.
She was taken in an unconscious con-
dition to a hospital, where it was said
that she probably would die. The cause
of the shooting is not known.

It developed that Mrs. Burgoort
had long been the victim of a disease
which caused her excruciating pain.
This she gnawed out in the hospital,
made her wish to die and she shot her
husband, who is a prominent physi-
cian in the upper part of the city, be-
cause she could not bear to leave him
behind.
